The City of Glendale Public Works Department Engineering Division will begin construction for the **Fiscal Year 2012-13 Slurry Seal Program**. The project is a part of the City of Glendale's on-going Pavement Management Program and involves the application of a surface treatment to the street in front of your property and/or adjacent streets in your neighborhood. The project is anticipated to start in July, 2013 and be completed by October, 2013.

Project updates will frequently be posted at [http://www.ci.glendale.ca.us/public\\_works/CapitalImprovementProjects.aspx](http://www.ci.glendale.ca.us/public_works/CapitalImprovementProjects.aspx). The web site will also include a construction project location map. If you have any questions regarding the project, please contact the Engineering Division at (818) 548-3945 and/or send us an email at [http://www.ci.glendale.ca.us/public\\_works/contacts.aspx](http://www.ci.glendale.ca.us/public_works/contacts.aspx).

Thank you again for your patience as we improve the City's infrastructure.

Stephen M. Zurn  
Director of Public Works
